Campus Development Fund

The fund is used to support campus development and capital projects such as renovation of campus facilities, construction of new campus and learning facilities, acquisition of furniture, fixture and equipment, etc.

Education Fund

The Education Fund supports various types of projects:

> Research

Projects which address societal problems or which bring benefits to the society.

> Course Development

Development of new academic programmes.

> Education Services

Enhance the educational services for students such as enhancement of library resources, development of student electronic learning systems and platforms, etc.
